International
Goat Association

Welcome Letter

Dear Colleagues,

On behalf of the Conference Organising Committee it is our pleasure to invite you to attend the “**12th International Conference on Goats -ICG 2016**”, which will take place between **September 25-30, 2016** in the great city of Antalya, Turkey. We are delighted to welcome all delegates to this event.

Goat production professionals in the disciplines of sustainability, management, social aspects, health and association establishment from all over the world will have the opportunity to learn new knowledge, share experiences and explore the exciting city of Antalya and its surrounds.

The theme for the conference is “**Goat production professionals in the disciplines of the role of goat in society and sustainability of goat production in agro-ecosystem**” with a focus on research and evidence for practice, and the contribution to delivery of quality products of the goat. Our keynotes and invited speakers come from around the world, representing the very best in their field of expertise. Additionally we will have presentations, both oral and poster, from colleagues in practice, education, management and research. Poster sessions are organized to provide a forum for continued and expensive coverage of the topics addressed in conference and to encourage and provide the opportunity for young scientists to present their work.

Learning from the past and innovating for the future, the 12th Conference will provide us with an excellent opportunity to share our experiences and projects. In addition to outstanding scientific program being offered, we encourage delegates to enjoy famous cultural heritage and natural beauty of Turkey with our social and cultural events. You also may visit trade conference exhibition to get most updated knowledge on related technology and new systems.

We welcome all delegates to what promises to be a highlight of the 2016 calendar!

Yours Sincerely,

Dr. İrfan Daşkiran
Dr. Nazan Koluman

Scientific Topics

We kindly invite academy/faculty members, researchers, students as well as industry professionals who are interested in, presenting their research and/or academic experience in goat production, sustainability and animal health or related topics, to participate in the ICG 2016 Conference to share their works.

There will be also round table meetings for industry professionals to discuss latest developments on goat production and there will be workshops about different topics.

Selected papers from oral and poster presentations will be published in Small Ruminant Research, published by **Elsevier**.
