

大綱 Outline

- 黑豬品種現況 The status of black pig breeds
 - 黑豬育種雜交生產體系
 The cross production system of black pig
- 育種策略規劃: • 短期(104~106年)之出生登記網路化
- Short-term (2015~2017) Building a networking for birth registration in black pigs • 中期(107~109年) 黑豬性狀選拔特色化
 - ・ 〒 朔(TU/ TU3++) 赤猪 | エババ 遅秋 (Tビ) L Medium-term (2018~2020)
- Breeding and selection an unique characteristics for black pigs

 長期(110~113年) 種用登錄與黑豬保種育種多樣化方向
 - Long-term (2021~2024) Applying registration for breeding-Black pigs
- Appryring registration for preeding-black pigs Diversification development in breeding and conservation of black pigs
 - 黑豬展示拍賣 Open up an auction for black pigs
 - 約4日本 Conclusions

Reviewing Guidelines for Approval Letter in Importation of Breeding Livestock 種畜禽及種原輸入同意文件審核要點 and Poultry, and Genetic Resources

- 一、為執行畜牧法第十九條規定,核發種畜禽及種原輸入同意文件,特訂定本要點。
- importing breeding livestock and poultry and genetic resources, the following guidelines were In order to execute Article 19 of the "Animal Industry Act" for issuing the approval letters of promulgated.
- 二、行政院農業委員會(以下簡稱本會)核發種畜禽及種原輸入同意文件 , 係指供自行飼養改良品種或繁殖之用者,其適用範圍如下:
- Approval letters shall be issued by the Council of Agriculture (also known as COA) for the importation of breeding livestock and poultry and other genetic resources for breeding purposes, breed improvement, and proliferation, with imports limited to the following categories:
- 0102.10.00.00-5 牛,純種繁殖用。 一)0101.10.00.10-4馬,純種繁殖用。
- 0103.10.00.00-4 豬,純種繁殖用
- 0105.11.10.00-9 雞,純種繁殖用,重量一百八十五公克及以下者 0103.10.00.00-4- Live swine, pure-bred breeding animals. 0104.20.00.10-9 山羊,純種繁殖用 EH

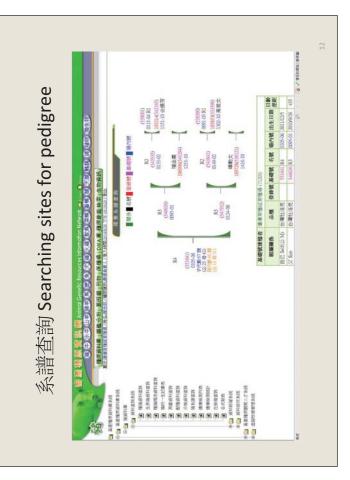

- Semen for breeding livestock and poultry. (十三)0511.99.91.20-0 種畜禽精液。
- Embryos for breeding livestock and poultry. (十四)0511.99.92.20-9 種畜禽胚胎。 •
- Ovum for breeding livestock and poultry. (十五) 0511.99.99.40-8 種畜禽卵子。

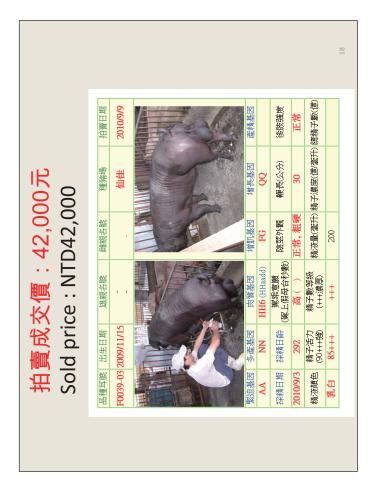

| 三、申請輸人之種畜禽及種原限於以往引進、推廣、 銷售之下列品種或品条: Applications to import breeding livestock and poultry and genetic resources should be limited to the listed breeds or lines as following: | (三) 豬(Swine): 1、藍瑞斯(Landrace)。 2、約克夏或大白豬(Yorkshire或Large White)。 3、杜洛克(Duroc)。 4、漢布夏(Hampshire)。 5、盥克夏(Berkshire)。 | σ |

黑豬育種多樣化 Breeding diversification of black pigs.

•

- To maintain the genetic stability in different lines of black pigs. 黑豬多元品糸遺傳穩定性努力 •
- 辦理黑豬血統登錄 To apply ancestry registration for black pigs. •
- 黑豬品種命名登記 To apply nomenclature registration for black pigs. •
