

Scientific program

Venue Tiruru Okinawa Prefecture Gender Equality Center

Day 1 Wed 27 November 2019	
09:00	Registration
10:00	Welcome and opening President of 5 th Fatty Pig International Conference Dr Noboru Manabe
10:30	Group photo session
10:45	Coffee break
11:15 ~13:00	Session 1: Current status of indigenous pigs, regional specialties and problems
	Chairman: Dr. Tamás SOMFAI
11:15	Keynote: József RÁTKY <i>Perspectives of fatty pig breeds and expected contribution of R&D</i> Special talk: Satoshi NAKAMURA <i>History of Okinawa Agu pigs and commitment to establish brand pork using this local breed</i> S1-Oral 1: Yasushi TOYOSHIMA <i>Breed characteristics of Okinawa Agu pigs: meat quality and genetics</i> S1-Oral 2: Synan S. BAGUIO: <i>Status of Native Pig Conservation and Utilization in the Philippines</i>
13:00	LUNCH

14:00 ~15:30	Session 2: Preservation, breeding and genetics
	Chairman: Dr. Masaaki TANIGUCHI
14:00	<p>Keynote: Ming-Che WU <i>Conservation of miniature Lanyu pig breed and development of inbreeding lines for laboratory animal model</i></p> <p>S2-Oral 1: Marcus BATES <i>Practical genetic monitoring systems for traditional pig breeds</i></p> <p>S2-Oral 2: Mercedes IZQUIERDO <i>Genetic diversity studies and preservation strategies of endangered strains included in the Iberian Pig HerdBook</i></p> <p>S2-Oral 3: Kei TERADA <i>Estimation of genetic parameters and effects of low TDN diet for carcass and meat quality traits in Duroc and Jinfua crossbred, FUJIKINKA</i></p>
15:30	Coffee break
16:00 ~17:30	Session 3: Physiology, reproduction and development, reproductive technologies in fatty pigs
	Chairman: Dr. Tamás SOMFAI
16:00	<p>Keynote: Christopher GRUPEN <i>The highly inbred Westran pig for xenotransplantation research: Using advanced reproductive technologies to preserve genetics</i></p> <p>S3-oral 1: Antonio GONZALEZ-BULNES <i>Current status of reproductive management and implications on offspring productivity in the Iberian sow</i></p> <p>S3-Oral 2: Francisco Ignacio HERNANDEZ-GARCIA <i>Unexpected findings of potential physiological relevance during the development of long-term immunocastration protocols for male Iberian pigs</i></p> <p>S3-Oral 3: Van Khanh NGUYEN <i>Vitrification of in vitro produced zygotes for the gene banking of Vietnamese native pigs</i></p>

Day 2 Thu 28 November 2019

09:00	Session 4: Nutrition, feeding, farm management and production systems
	Chairman; Dr. Masaya KATSUMATA
09:00 ~10:30	Keynote: Tomoyuki KAWASHIMA <i>Ecofeed and pig production</i> S4-Oral 1: Vladimir MARGETA <i>Production of Dalmatian and Istrian prosciutto from Crna Slavonka (Black Slavonian) pig</i> S4-Oral 2: Ivona Djurkin Kušec <i>Growth pattern of live weight and main tissues in the hams of Black Slavonian pigs.</i> S4-Oral 3: Bui Thi To NGA <i>Farming condition and diseases in Vietnamese native pig resources: An example in the Man breed</i>
10:30	Coffee break
11:00 ~12:30	Session 5: Meat quality and products
	Chairman: Dr. Ryoichi SAKATA
11:00	Keynote: Keisuke SASAKI <i>Consumers' acceptance of pork meat: Factors affecting purchasing intention and eating preference</i> S5-Oral 1: Sora HAYASHIDA <i>Production of the dry fermented sausage using Mangalica's fat in Tokachi</i> S5-Oral 2: Kasumi SUZUKI <i>Effect of Mycoplasma pneumonia of swine lesion severity on backfat thickness and marbling score</i>

12:30	Session 6: Marketing, business and the impact on policy on premium pork production. Future tasks in Fatty-pig applied science
	Chairman: Dr. Takeyuki OZAWA
12:30	Keynote: Takeyuki OZAWA <i>The production and distribution system of the "TOKYO X" pork, - Aiming as an official ingredient for the 2020 Tokyo Olympic -</i> S6-Oral 1: Satoshi HAYASHI <i>Improvement of Feeding and Production Efficacy in Vietnamese Native Pigs</i>
13:15	LUNCH [Society meeting to decide the next meeting]
14:15	Poster Session
15:15	Open discussion Future of native pig resources against the outbreak of infectious diseases
16:00 ~16:15	Closing remarks
18:00 ~20:30	Research Exchange Gathering Pacific Hotel (Monte Nevado Fatty Pig Award Ceremony)

Day 3 Fri 29 November 2019

09:00	Full day technical tour Okinawa Zoo & Museum
